Case History

2006/2007

Line of GLF presses

The GLF press range gets more and more complete and offers today almost all press sizes from GLF 750 up to GLF 5000. Steady business relations with Germany featuring new partnerships. Growth on the foreign market continues and leads Farina Presse to France with a GLF 1600 press of the new generation. Farina Presse enlargen their company facility with a new building for assembly and production.
